Mostafa Ahmed Saleh

Software Engineer

Versatile Full Stack Engineer with robust experience in delivering high-performance web solutions. **Dual-stack proficiency in the JavaScript ecosystem (React, Next.js, NestJS) and modern .NET architectures (Blazor, .NET 9).** Skilled in building enterprise-level financial systems, scalable REST APIs, and dynamic user interfaces. Passionate about mastering new technologies to select the best tool for the job.

My-Portfolio

SKILLS

- **JavaScript Ecosystem:** TypeScript, JavaScript (ES6+), **Next.js**, **React.js**, **NestJS**, Node.js, Express.
- **Microsoft Ecosystem:** C#, **.NET 9**, ASP.NET Core, **Blazor** (Server / WASM), Entity Framework Core, SignalR.
- **UI Libraries:** MudBlazor, Fluent UI, Tailwind CSS, Material UI, Bootstrap.
- **Mobile:** Flutter, Android Development.
- **Database:** SQL Server, PostgreSQL, MongoDB (NoSQL).
- **Tools:** Docker, Git, Swagger, JWT, Postman.
- **Cloud & DevOps:** Docker, Render, Netlify, Hostinger, CI/CD basics.

LANGUAGES

- Gaming and game development

WORK EXPERIENCE

Junior Full Stack Developer

Nweave

10/2024 – Present — Alexandria, Egypt

Web development company

- **Enterprise .NET Ecosystem (04/2025 – Present)**

Spearheaded the development of a complex Vendor Payment & Query Management System using .NET 9.

  - **Architecture:** Orchestrated a **Blazor Web App (Auto Render)** architecture to balance server-side performance with client-side interactivity.
  - **Frontend & UI:** Built a meta-driven Dynamic Form Builder and responsive UI using **MudBlazor** and **Fluent UI**.
  - **Backend & Data:** Implemented **Entity Framework Core** with Bulk Extensions for high-volume batch processing and **SQL Server**.
  - **Real-time Ops:** Integrated **SignalR** for live notifications and **JWT/LDAP** for secure enterprise authentication.

- **JavaScript & Node.js Ecosystem (10/2024 – 04/2025)**

Delivered modular solutions for Real Estate and Medical sectors using React, Next.js, and NestJS.

  - **Scalable Backend:** Developed advanced backend services using **NestJS (Node.js)**, implementing complex filtering logic and scalable REST endpoints.
  - **Modern Frontend:** Built high-performance frontends with **React and Next.js,** utilizing **Vite** for optimized build workflows.
  - **System Integration:** Integrated frontend components with REST APIs, ensuring clean architecture and type safety across the stack.

PERSONAL PROJECTS

Miim – Handmade E-Commerce Platform

- **Stack:** Next.js, NestJS, TypeScript.
- Developed a specialized marketplace for handmade products, focusing on performance and SEO through SSR.
- Built a robust backend using NestJS to handle product inventory, order management, and cart logic.
- **Cloud Presence:** Currently hosted on Hostinger, with a planned migration to Render for enhanced scalability.
- [Live Demo]

Educational Platform (LMS)

- **Stack:** .NET Web API, React, Vite.
- Architected a hybrid Learning Management System for preparatory and secondary students.
- Connected a high-performance .NET Core backend with a reactive React frontend, implementing secure role-based access.
- **Cloud Presence:** Backend containerized via Dockerfile and deployed on Render; Frontend hosted on Netlify.
- [Live Demo]

Supervision Assessment Tool

- **Stack:** Node.js, React, Vite.
- Created a digital testing interface for HIJ supervisors, replacing manual paper-based testing with automated scoring.
- Utilized Node.js for backend logic and Vite for a lightweight, fast-loading user interface.
- **Cloud Presence:** Fully hosted and managed on Render.
- [Live Demo]

EDUCATION

Engineering Bachelor

Alexandria University

09/2018 – 08/2023 — Computer and Communication

CERTIFICATE

FWD web development challenger (09/2022 - 11/2022)

Certificate for completing the web development challenger track.

10th place award (09/2022 - 09/2022)

10th place award in ERC Remote edition (European Rover Competition 2022)

3rd place award (09/2022 - 09/2022)

3rd place award in UGVC (Unmanned Ground vehicles Competition 2022)

Certificate of participation (09/2022 - 09/2022)

Certificate of participation in the UMSIC 2022 as a Team Leader

Best innovative idea award (03/2022 - 03/2022)

Best innovative idea award (minesweeper robotic competition 2022)
